Leading Lawyer<sup>SM</sup>

*Find a better lawyer, faster<sup>SM</sup>*

The practice of law is unique in that you need to be a lawyer to judge the quality, experience, and reputation of other lawyers. Leading lawyers surveys lawyers and asks, "If a family member or friend needed legal help and you couldn't take the case, to whom would you refer them?" This methodology ensures that peers are recommending peers – indeed their own competitors. To maintain the quality and credibility of the survey, lawyers may not nominate themselves or anyone at their law firm. Only those lawyers who are most often recommended by their peers, in the statewide survey, are eligible for membership in leading lawyers.
